

Figure 2
 Heavy Metal (Zn, Pb, Cu) Content of River, Stream and Lake Water,
 Southwestern Nova Scotia

Scale: One Inch = Four Miles = $\frac{1}{253,440}$ Miles

LEGEND

- Concentration of heavy metal, 0.005 or greater ppm. 005 ▲
- Concentration of heavy metal, less than 0.005 ppm. 002 ●
- Mine ☆

Field work by G. F. Koehler, R. L. Moxham, and H. C. Palmer,
 June - September, 1956

Cartography by the Geological Cartography Unit, 1958
 Approximate magnetic declination, 21° 30' West

To accompany Paper 58-1
